Mr. & Mrs. Eliot Porter

Santa Fe, New Mexico

Dear Folk;

Your hospitality is appreciated very much. It has been a long, long time since we enjoyed a visit away from home as we did ours to Santa Fe. Everyone was very nice to us, the town and it's history fascinating, the weather near ideal, and other factors combined to give us a trip that would be hard to beat!

We especially enjoyed the dinner and the evening at your home and wish to thank you for the trouble and work necessary to make it so pleasant. Of course my only regret is; there just wasn't enough time to see as many of your pictures as I would like to have done. I doubt if there is a collection of color photographs in the world to compare with yours, especially in quality! Sometimes I have to fight off a wave of envy when seeing the results of some one's gifts and talents but stop when I realize all of us are not gifted ~~the~~ in the same ways. I am very thankful for the way you and other artists are using their talents for the betterment and enjoyment of their fellowmen. With your interest and energy, Eliot, I am sure you could succeed in many fields of endeavor.

Anyway, we arrived home without any trouble and now are looking forward to the time when we can make another visit to Santa Fe to learn more about it and to visit with friends there.

Our very best wishes to both of you.

Sincerely,

*Frank and Dora*

Because I do not have your address here at Halls Crossing I am sending this note to fish for delivery. I hope this is agreeable with you.

Dear Eliot;

The pictures are beautiful! They are appreciated, not only because they are beautiful and the work of a great artist, but because they came from a friend who wishes to share his talent with those who appreciate his work. From the bottom of my heart I wish to thank you for your thoughtfulness.

I hope the lack of a complete address does not delay the delivery of this note. The pictures were delivered to me at Halls Crossing and it is there that I have your box number on file. When I came to town I neglected to bring your complete address with me so am taking a chance of this reaching you now rather than wait another week or so before I will be out there again.

Tad wrote to me and has given a very brief summary of what will have to be done in the way of preparation for the trip to the Galapagos Islands. This part will be interesting work but but involves a lot more time than one would guess. I am sure I would also enjoy making this trip but right now am looking forward to seeing you, Tad and others after the results of the expedition are known.

Best wishes to you in your project to the islands and for your health and happiness during the New Year.

Sincerely,

*Frank*
