HEATHER NORRIS

Dear Mr. Porter,

Thank you for coming to share the history of that which has held the seeds and inspirations for your art. I found your thoughts to be written with literary taste and thoughtful insight. I am also deeply moved by the graphic illustration of how profound is the influence

of a family, group of friends
(or should I say a kaleidos-

your prints. Being able to attend your talk has been a very special opportunity. I knew it would be because of my love of the way you see and perceive beauty. I didn't know your experiences would touch me so deeply.

Thank you,
Heather
