Dear Eliot Porter,

Thank you for your letter and for your fine support of Friends of the Earth. We appreciate your taking the time to write, as we discovered that you were on our list twice - once as an active member and once as a lapsed member. We have corrected our list and extended your membership for another year.

The main purpose of my letter is to make another request of you. The enclosed letter from the co-chairs of a dinner we are planning to honor David Brower's fifty years of leadership in conservation will give you some background about the event.

We plan to present Dave with a gift - a portfolio of five black and white photographs and you are one of the five we are asking to contribute a photograph. Ansel Adams and Richard Kauffman have each agreed to give a photo and I have just written Brett ~~Weston~~ and Philip Hyde. The portfolio will be 12x15.

We very much hope you will want to share in honoring Dave Brower in this way. I look forward to hearing from you.

Sincerely,

Deborah Ogden
