Dear Mr. Porter:

Just a brief note to say that it was a pleasure seeing you at the Randall Davey property this past weekend. We have heard from Jane Pitcher, Jim Alley, and our Regional Vice President, Dede Armentrout, about your encouragement to Audubon to take on the Randall Davey property and to develop a solid conservation program on the 110 acres.

We are excited about the opportunities this property presents and believe that if we can plan it out right and begin its implementation properly that the memory of Randall Davey and his art work will nicely compliment an effective conservation program.

For us to be successful we are going to need the support, advice, and participation of individuals such as yourself in our efforts.

Again, thank you for coming to the reception. The National Audubon Society is off and running in an exciting way there in Santa Fe.

Sincerely,
