Mr. John Adams  
Executive Director  
Natural Resources Defense Council, Inc.  
122 East 42nd Street  
New York, New York 10168

Dear Mr. Adams:

I have received and reviewed your new consumer guide,  
A Citizen's Handbook on Groundwater Protection. Of course,  
I, too, share NRDC's concern about this resource.

I can recommend that you send your literature to two  
sources in New Mexico:

Rio Grande Chapter  
The Sierra Club  
P.O. Box 37199  
Albuquerque, NM 87176

Project Lighthawk  
1709 Paseo de Peralta  
Santa Fe, NM 87501

I am not very active with either of these organizations,  
nor do I know any of the people there. However, they might  
be interested in promoting this project. Please send things  
directly to them rather than through me.

Very sincerely yours,

Eliot Porter
