INTERNATIONAL CERTIFICATES OF VACCINATION

It is essential that you have a valid International Certificates of Vaccination (Public Health Form 731) with you for travel external to the United States.

U. S. Navy and/or Public Health Service regulations require certain immunizations against communicable diseases for all personnel. The following immunizations are required:

Typhoid/Paratyphoid	Certification Required
Tetanus/Diptheria	Certification Required
Smallpox	Certification required. It must include the date, vaccine batch number and origin of manufacturer and authentic signature of M. D. who administers immunization.
Tuberculin Skin Test (PPD)	Test results required.
