Dear Eliot:

Glad to be brought up to date. I have written Walker about using extreme care with the black and white photos you will be sending. Now as to Sierra Club and books going ~~out~~ of print. In the Galapagos and Baja contracts--Clause II--it is stated that if the ~~works~~ go out of print they must offer you plates etc. at a stipulated price and if you refuse they can dispose of them and the rights revert. In short on those two contracts reversion is clear--but I don't know what is said in your other contracts. I ^u they were using the same form you might look at Clause II and see what is said--but I fancy they would revert to you at any rate. We can talk this over when you come

yours
