Dear Eliot:

Here is the Sierra GALAPAGOS statement. I suppose making it cumulative
may be helpful--but I've marked on the statement what was actually sold.

By the way going back to those pictures of the altars of Mexican churches
I keep on pulling out the card and have thought of some more places so I just
want to have my mind refreshed as to what you have. I think you said not all were
of altars or interiors but that some were of exterior views of churches and that
you had hundreds--is this right?--and that all were taken in Mexico. I suppose
all the churches would be Catholic. And as to text was it your idea that someone
else would write something, or that you would just write a brief preface and
simply have a legend for each photo to identify the place and church

yours
