Dear Eliot:

First of all my letter to the Sierra treasurer brought this, which is something. Now as to the movie man it is clear from the contract that Sierra has the right to negotiate. I have called Wilentz here to explain the situation and have asked him do they wish to handle this or will they allow me, with the understanding of course they would get their share. I also have to look into the Adirondack matter—who has what rights. I have called Harpers who say they have none, but they are doing some investigating for me. I haven't heard about the Galapagos picture yet—so will have to wait for that inquiry before coping.

Hope you will have had a good Christmas when you get this..I have to go to Amherst where my daughter lives for Christmas and this coming Friday we are flying up with the Rockefeller's to spend New Year's Eve in Seal Harbor which will be pleasant

yours

Diarmuid
