Dear Mr. Porter:

I've told Wilentz about the foreign rights--and for practical purposes I doubt it is going to matter much for I think this foreign program for the start is going to be slow and not mean much in the way of money. I also reminded Wilentz about the calendar money--he says he is going out to San Francisco in a couple of days and that he has a note to talk to the financial man about this. As to the billing end it seems that the entire lot of jackets has been printed--but he says he knows that Brower has been working on this for the slip cases in which the two volumes will be sold -- so we will have some sort of partial atonement here.

Macrae says that the text for Grand Canyon is holding up things and making it difficult for them to know how large the work will be or what price, but hopes this will be solved by the end of the month. He tells me he has written you about sending on the extra pictures. The Dept. of Antiquities did not answer his letter so he is writing again, lucky you asked about this since I am sure he would have forgotten.

I'll look forward to seeing you in 3 weeks or so and I hope the elections will not have upset you

yours

Diarmuid Russell

and thanks for the list on the Mexican book
