Dearest Bu,

Your beautifully packed slidebox arrived safely. Also with more slides than are on the iffilist, ^x which answers the question about the slides which are neither A nor B. I have prepared your B Slides which, as I wrote in my last letter, are also more numerous than the listed ones. They will be in order of the rolls but in an elderly traybox. I will send them in a few days, as I am "resting" this week under my Chinese doctor's order, who diagnosed the slight temperature I can't get rid of as a noncured cold, due to exertion. He prescribed some expensive herbs and real rest. I find it makes me very restless to rest. If it should not do the trick I might listen to my cousin and take a test for rheumatoid arthritis. This winter was a most strenuous one for me in body and soul.

Yes, should an Iffi book ever be in the offing, we must go through the material again. I am sure my taste has also changed. Christine comes next week with your new prints for signing. I wrote this already.

Before I repeat myself much more I shall close this. Once more my good wishes for your trip go with you. How is Aline? Say hello to her.

With much love

B

x funny word! Sounds like a profession "My son, the iffilist."
