Dearest Ben,

At the very off chance, that you have not read the article on Fairfield, I send you my copy. Very interesting and to me at times very moving.

I was so glad to get your letter.

About those new hips I hear mainly success stories and am glad yours is one.

The story of Anne is great. What is Bolemia?

I am looking forward to the China book.

It is a place which fascinates me and I wonder how it will go on.

I know that you got a prize in Köln and am impatient to finally get the Fotokina catalogue to see you in it. I wrote a short page on Walter Peterhans in it and they not only mutilated it utterly but never sent the promised catalogue. I shall write a nasty letter to Mr. Heiting. Do you know him? (He works for Polaroid)

Goggi and his family is much on my mind.
Especially since he has to retire in a month
from the Goethehaus. (will be 65 in 4 days)
But as they decided to move and sell their
gorgeous place out in the sticks, he will be
busy for a while.

How is Aline?

Are you planning on G.S.H.T. this summer?
I plan Europe from July to Aug. 11 and then
on the 14. to Bille's new abode in Bass Harbor
(formerly McKinley)

Have a good spring and summer, all of
you!

Much love

B
