

SAN FRANCISCO OCT 17 1983

Dear Eliot --

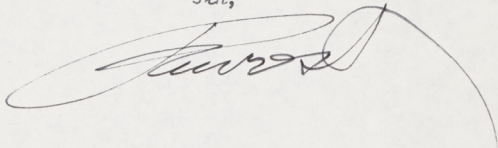

Although i have been having a lot of fun with the only decent show i have ever had, i have also been worrying about YOU because i wrote you a long time back in the Spring and nary a peep did i get out of you.

Since this is so unlike you, i am wondering whether anything is wrong. Deeply trust not!

i have heard it remarked in a jocular way that once a year for oldsters is enough; but we are not THAT old. How about twice a year? i mean writing, of course!

Hope to hear something from you, and that all is well with both of you -- Win and i are as well as can be expected of two dodderers approaching 80 -- we had our 48th Anniversary last August -- she joins me in wishing you both the ~~best~~ best,

Sin,
