Dear Mr Porter,

I am writing to see if it may be possible for the Australian Conservation Foundation to use one of your Antarctic photos on the cover of a book we are producing on Antarctic conservation.

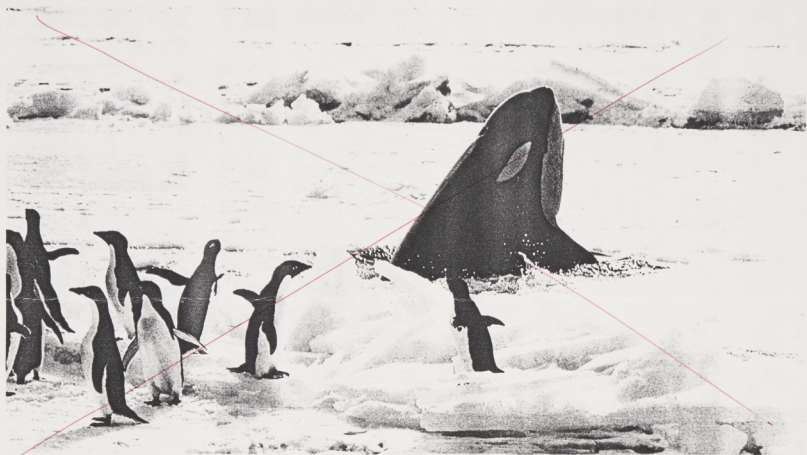

The photo we would like to use is of Emperor penguins at McMurdo Sound and was used both in 'Let's Save Antarctica' and your large format book (I have enclosed a photocopy of it). I made preliminary enquiries about its use to Jim Barnes with whom we work jointly on some Antarctic initiatives and he gave me your address.

The Australian Conservation Foundation is the largest voluntary environment group in Australia and to give you some further background I have enclosed a copy of our current wilderness diary and a small book on the Daintree tropical rainforest region of northern Queensland. The book we are publishing on Antarctica will be similar to the Daintree book.

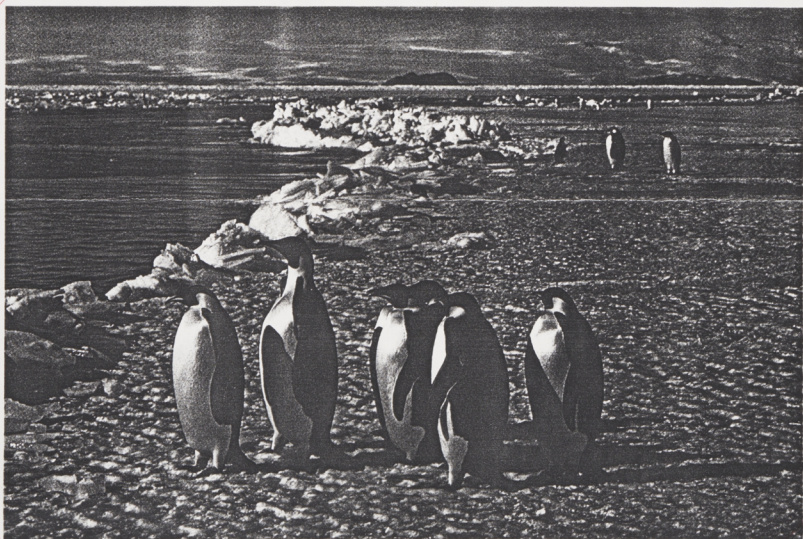

We are at a reasonably advanced stage with the production of the Antarctic book and if it is not too much trouble an early reply would be much appreciated.

Yours sincerely

David Neilson
Publications design officer
