Dearest Ben,

This is to send ~~you~~ my best wishes for you on your birthday as well as ever after. Especially, may your health and strength improve.

The photo is instead of a greeting card and it is not spotted, because my hands and eyes are not, what they used to be.

About the Tffibook I shall write you, after I get the list you promised. I am thinking a lot about it and have a title suggestion. As it will be a historical document and as it has the wreath on the cover (which I find an excellent choice!) and as I agree that atheists or anti-religious people should not be turned off, why can't it be called: "They are vanishing"? First I came up with: "The Saints are vanishing" (I won't even mention "The Saint who ain't.") But about "They are vanishing" I am serious. What do you think? With much love B →

P.S. Just now the list came.

I shall study it and
write you soon. Thanks!
