Dear Grandfather;

Many thanks for my share of your Christmas check. Living as I am from savings, money is the nicest present I could receive.

Christmas vacation has been over for a week, and I'm delighted to have work to do once again. The vacation was a little dull. The semester lasts until 15 February, and then comes a 2 month vacation, during which I plan to take a german course, to ensure that I'm really prepared to begin graduate studies in Philosophy when the Summer semester begins April 15.

Love
Boxie
