

I

Wed —

Dear Stuart,

Well how are you?

I think of you so often. Am pretty good but not too hot. I talked with you Mom the other evening & she is just fine & happy but she was pretty tired moving & so much stuff. it's a hard job but she likes that home very well & say it's very beautiful around there. She deserves a little happiness & she never did have much, as you know.

M.D. is a very nice man, Am very happy for him. When do you graduate? Let me know. I do hope Stuart that you go on to Law School. Its only 3 yrs & then you will have a law degree & some <sup>thing</sup> to depend on. If you don't go you <sup>will</sup> not be trained in anything.

Borrow the money Stuart — they are

loaning money now to Law Students  
 & you would make a fine one, Allan  
 Grice is going to Minnesota & he is  
 borrowing the money to go. You pay  
 it back after you start law. Many  
 boys do this I am feet I think there  
 are places that loan it to you. Its  
 very hard now day if you are not  
 trained in some thing & Law is a very  
 fine profession You a very good  
 talker & fine appearance, Hall Stuart I'll  
 call this all, now please think about  
 this. there are many places that loan  
 money & you can pay it back  
 when you graduate- Please do this  
 Stuart for me & You will want to  
 be married some day & you want  
 to be trained for something. Write to  
 me Stuart & Tell me when you

graduated wish I could be  
there but - I have to stay put  
pretty much. I love you think  
I would love to see you. Here is  
a big ~~big~~ kiss for you.  
Grandma f.

I hope you can read this. I  
must write to Scott. I wonder  
when his school is out -
