FRIDAY -

11:07 (when I should be
in Chem. class)

5th -

I took a few snapshots the other day and just thought I send you a few. One of a couple of ΣΑΕ's in my room (clean, isn't it?) One of a view out my window (that's not glass, it's SNOW) And one of me and a fellow ΚΕ giving you the customary greeting.

The weather is nice (relatively) and I have come down with class-skip-itis (malingnant) and my grades will be badder, or is it woser (instead of a 4.00, I'll probably get a 3.9997) I'm getting home the first. Are you goin' to be there. I can't wait to get out of here and back to Texas.

Last Sat. nite we had a big formal banquet & dance. Everyone was drunk and ~~was~~ were throwing each other into the swimming pool. I was really cool! The ole girl I had a date with snuck up behind me and shoved me but I didn't fall in. About 5 minutes later I did the same thing to her, with one exception. When she changed clothes she wasn't the least pissed off. I was amazed.

See you later,
Buc
