

KÖLN am Rhein - Dom-Westseite

May 3rd. Near Stuart, this
cathedral is in Cologne & we
went in it. Almost broke my
neck looking at the ceiling.
Took a broad ride up the Rhine.
Many castles, flowering trees.
Warm sunny day. Saw a man
plowing his field with oxen.
People here in Lucerne are so
friendly. Today I missed a trip
going to top of mountain 7,000 ft high.
Am waiting for a bigger one. First
grandma 54.
