

Thursday

Dearest Stu

Such a gorgeous day - Bright
Blue skies - not too hot - not too cool.
and your precious yard looks wonderful.
Robert (Father Jim's yard man) charged me
\$8 but it was worth it. He groomed the
garage, patio, front patio etc. So you can
relax on that score. Honey, did you put
some special "grow" material on the plant
on the front porch? Remember the "Fungus"
mold we saw together? Well, I'm beginning
to feel like that.

Suzie has been ill with a bladder
infection. Had to take her to Dr. Compere.
She is feeling better but has to return to
him on Monday for a treatment. It is nothing
to worry about but mighty uncomfortable
for her.

Russ comes home to day so guess that
Alexander Graham Bell's investment will have
more dividends this month.

We have had Mandy clipped and
she is not only gorgeous but cleaner.

I took Lew and Suzie out to dinner
last night. We had a most enjoyable evening.
He is really a sweet, old boy and really
craving love etc.

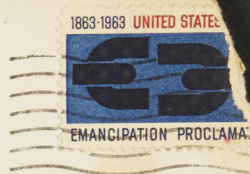

Really enjoyed my two working days
at the Health Fair. It was very well done
and I do believe created a milestone in
educating the public.

Dad spent a week in Lexington Ky. to
look over the race horses he is going to
buy for his new stable. Wards fail me!

Well Darling, I could not begin to tell
you how very much I love you and miss
you. How could I ever have been so
lucky as to be your -

Ma?
