

Friday

Dearest Stu -

How are you my love?
Enjoyed your letter so much
and had a nice one from Scott
today. Tacked to Peter on
Wednesday night and he is
fine. HE is teaching anatomy
to the dental students and
taking an advanced Spanish
course two nights a week
plus still working at Wesley
Hospital. HE is a busy bee.

Had lunch with Kay yesterday
and as you might know really
enjoyed it.

Did I tell you Big Jim
did not get married. HE has
not called me however - space

he feels silly.

Bo is still drapping in, bragging and playing the piano. HE is thinking of going to Calif. as he has been offered a job. It would break my heart. HE and Helen are still throwing things at each other.

Russ is worse than ever. Lew spent Wednesday night with Suzie and me. I just don't know where it will all end. Ross has gone to Houston to look for a job.

Caro's broken ribs are better and Suzie's kidney infection is cured.

Dad comes in tonight for the Texas O.U. Game and also for Baylor & Arkansas.

He has not been home for
three weeks.

Hope he is on his good
behavior.

Your plants are all
doing fine. Mandy is well

Where is my credit card??
I hope Scott wrote you that
he had been to visit Chumley
and also to New York.

Well darling - just no more
news.

I love you

Ma -
