

Wed. a.m.

My Darlings -
Just made a qt. of spaghetti
sauce to put in the freezer, bought
some new decorations for the tree,
and in general getting ready
for the wonderful Xmas invasion.
Can't wait - What decisions did
you two loads make about coming
home? Can Stu get off early?

Suz called last Sunday she had
a great time in Georgia and
was so excited about Jim who
has just won \$1000 prize for his
research project. How about that?
She had not received her Nov.
check from Dad + was going to
call him collect. I heard he
was sick + was in Rochester at
the clinic - so that's all I know
about that.

The Stobby group all laured
around Fb Worth yesterday to
see the Kappa Christ mas House
Tour. The Tennysons was on
+ believe it or not it is the
first time I've ever seen the
house picked up. People were
carried away with the gentling
painting and I was quite the
celebrity. It was fun to see
them all again.

Scottie - Vogel called yesterday
for your address - he wanted
to send you his book on Aunt
Clara. I went down to the Anson
Carter Museum to see the show
really to see your portrait.
I bought a book 10:00 - How
about that? HE wanted to know
when you both were coming home.
You will have heard from him
probably by now.

just can hardly st and it
until we can all get together
& hash over our wonderful
European trip. Won't it be fun
to all of us yak, yak, yak, at
the same time, play music,
have a fire in the fireplace -
eat some good food and just
have fun in general -

Just aint no more news
so good bye for now
I love you -
