My dearest Stuart -

Received your good and informative letter plus good pictures and we all enjoyed all.

The lawyer in Little Rock has really hit Dad hard. He did extensive research into the situation and it looks as though all things for once are stacked on our side. Now all we can do is wait and see what his next move is. Scott wrote the other day that no money was awaiting him in Philadelphia and that he had to pay his own tuition and "was damn mad" - so we will see.

Grams is really doing beautiful and if all remains status quo we will fly to Rochester on Wed. Sept. 30th and I will be back on Sunday.

Suzie is really studying hard and I believe enjoying it - She went to see "Becket" and also "Hamlet".

Shirley Holmes calls almost every day and misses "her boys" very much.

Maudy's moped both fine and she percolating more efficiently than usual which amazes me much - Barton seems to be my biggest problem - but will take care of that when I return -

I love you - your sweet Dad
Will keep you informed of the legal bit
Mama -
