

Friday

Dear Stuart,

Well Ma has calmed down some since I called you but I still feel the very same. All you had to do was nicely but firmly say "Dad I would prefer eating with you alone" but no you didn't. I am very, very disappointed in you and there is nothing I can do about that.

He was supposed to be in Fort Worth last Tuesday but there has been no sign of him yet. That is typical of him - a Florida vacation, eating dinner at Brennans and no job. To hell with him!!!

Naturally it has made Suzie nervous all week - that waiting is nerve-wracking. N.D. has had dinner with us every night so we would not be alone when Dad called but Suzie is far from the heel has not shown up.

Am delighted you liked Mrs. Bentley so well and am sure she enjoyed your charm and brown eyes.

N.D. and I will be married at All Saints April 19th - and so be sure you bring a suit home with you. - that is if you would like

to attend the wedding.

Have you made any plans for buying the car license plates. Please let me know as the deadline is coming up.

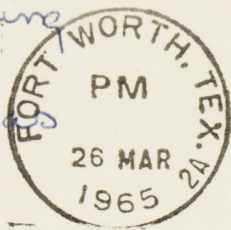

Another thing dear - as you know we are moving May 1st and Suzie will have to have the car to go to school. Now all this presents a big problem as I can't see how it can be solved unless when you come home for Easter vacation you bring a lot of your many belongings and leave the car for her. Now to - please to some thinking about this and let me know.

It looks like the problems
are never ending.

So do sit down and help
us figure things out -

For,
Ma
