

Thursday

Dear Scott, -

Was very pleased to
get your letter: must say
I really wasn't expecting a letter!
I know just how busy you are.
and thanks for contents; you
surely are thoughtful & under-
standing; am anxious for you
to see the house; see how you
like it: - am taking down the blinds
in front room; putting up shades. -
Mr Jones came up, measured &
Marie is getting them at 'Sears'.
I need a new rug to cover the terrible
floor, but that will come later.
I keep watching the 3rd floor. -
was up there this morning; every
thing is O.K. - but think I'll put
a lock on there if I go away. -
have been trying to find my lock
man. Leslie graduates the 6th of
Aug; will feel better if that room
is locked. - I could have
rented it, but decided I would not.

then every thing will be O. K. -
when you come back, you have
a key, can get in any time.
I have a young man in 2nd front,
this is but 2nd week; he will
only be here until end of Aug.
I like him very much; leaves
Friday morning for work, comes
back Monday night.
I had a letter from Leslie this A.M.
saying she & Son would be down
next Sunday. I expect the
Thommason family the middle of
July. - am so anxious to see them.
Enclosed find clipping about the "Bell."
Margaret Carter took me over there.
Your ears must have burned. I
was surely wishing you could be
there: the music was great & I
really never saw so many people
in one place. The sermon was
perfect. - - - Buckie had her shower
on back porch & now she is asleep.
The paper hanger was here four days
and I worked very hard. - one day
Buckie looked at me, said "How Nellie
I could keep on meeting; will wait
until I see you. - Lots of love Nellie. -
