Monday a.m.

My Two Darlings -

I've loved your letters
— did you like mine. It is quite
cool this a.m. but we have
had about a week of weather
which was just like spring. I
took my bicycle back as it was
too big and bought a smaller
one. Stella bought a second hand
one and we have been riding
almost every day. The first
day we rode to Joe Vignes for
a hamburger + then rode to
Rivercrest. It was fun but we
both knew we were old ladies.
We are getting in condition now
and nothing can slip us.
Dad came home on Fri.

Bill Gordon

well

and Suz, Elizabeth and I
took him to have a fixed yesterday.
He was very pleasant and we
had a nice time. He wants
us to have a new roof on
the house so will get some
estimates and get the show
on the road.

Went to Stella's for a dinner
party last night - good food,
good conversation as usual.

The rodeo is over and Cow
Lawn has settled down. Never
let go but that didn't break
my heart either -

Darlings there just ain't
no news - All is well + I love
you but of course that ain't
news -
