FORT WORTH, TEXAS

PE 7-9566

Jan. 23, 1966

Dear Stuart,

Received your last missive which included one word money. Hope this seventy five dollar helps the blues. Everyone paid on time this month for a change. This leaves the gallery currently owing you one hundred and twenty five dollars after which you will be paid in full for these two paintings. By-the-by-the frame was 27.⁵⁰ which we will settle later. (I am keeping a record of all this - I think)

Peter Hards show opened today and we have had mucho traffic. Quite a few interested in your landscape - wish they'd like.

John is planning a big show in March. Has done about fifteen paintings so far. Brownie business is still booming.

Pete Sund is selling out over at Elctra.
But he doesn't have anything on Scott - does he?

When you come home if you have a free evening - I'll ask Fernando Ceron - the Mexican you met in here over also and you'll can talk and talk about Aztecs and Mayans.

Bill Garber the director of the little theatre group down at the new Scott Theatre wants to have Yano work in his office permanently. I thought that was a good idea since so many people will be going in and out all the time.

Love much for my bird scratch.

Maybe when you come home I will have sold another one.

Love
Pam
