

Saturday

Dear Stuart -

I have procrastinated in ~~my~~ writing obligations long enough; so I'll try to give you some news of myself, Ray, etc.

First, I ended up with a 71 average which honestly shocked my conscience. I felt like I would improve on the fall marks but not to that extent. Ray pulled a 67½ ish; Jerry in a 75+; Biff & Jay Brummett flunked out. Sure hated to see those guys go, especially Jay.

I really do like my job at the Court library. In actuality, I work one hour at the most per session of 6 hours. The pay is \$152.00 (after taxes) on 68 hours a month - better than \$2.00 a hour. The big benefit is the study time and use of hornbooks, reports, etc., without having to wait for some one else to finish with them. Also, I've met some sharp guys

who work in the Atty General's dept.

Have been to Dallas twice this summer in July. My sis introduced me to a super crack from Little Rock who was attending the first summer session at SMU. I am really interested in this "mount," but I make no promises yet. I flew up to L.R. three weeks ago to see her & meet her family - they were all very wonderful to me and I had a tremendous time. She's coming down to Dallas to meet me next Sat, and we'll drive to Floydada after noon.

Jay & I tried to call you one Sunday when I was up. He had a date with a mount from F. Worth and we were over in your city.

What have you heard from Gordon? Tell that hard to write - he owes me a letter. See envelope for my address.

Oh yeah - are you going to be home around

moon [^]next Saturday? If so, let's get together at that Mex. food place on Camp Bowie for a quick lunch. I'd like you to meet 'the crack.' I think her plane arrives in Dallas at ~~over~~ 11:00 or so. As soon as I collect her, we'll drive over and I'll call you as soon as we get in town & you can meet us there.

Bring any "give away" paintings then - nothing over \$10,000 in value, or less than \$.15. Ha!

Do write soon regardless of whether you can meet us or not, and let's keep in touch.

Regards
Fred Z...
