Dearest Stuart

I can't tell you how thrilled
Roger and I are that you're
going to do a painting for
us! When I told Roger what
you'd told me at the rehearsal
dinner - he couldn't believe it.

Truly, I've never seen him more
excited. I left the choice of
landscape or still-life up to
him. Christmas day he saw
and admired the landscape of
yours that I'lland has - so
we have decided on a landscape.

I love you - and really can't
believe you're doing this for
