

Dear Scott,

Wednesday 7/28

Pardon the lovely stationary but I'm in class -
anyway, you must be MAD suggesting that I
send my beautiful Masterpieces through the MAIL!
I will drive to Fort Worth Saturday and give them
to you personally - instead of that horrid Mister
Vogel - Ugh. "Girl with an Orange" is slipping out
of the frame - and needs repairing badly because
Vogel naturally screwed up when he framed it.
So - I'll get them back after the show because I'll drive
in for that too - heaven forbid Vogel touching such
fine work! (He'll probably forget why - mistake-on-
purpose to invite me to your show - and I swear
I'll come anyway.)

About the Reproductions of "tree house" - anything
that helps you, I'm all for - so I feel honored that
I can help you in that way - small as it may be - but
I'm sure everyone will be delighted to buy even a
reproduction - of MY ORIGINAL!

I'll call you Saturday when I get in

One big CONDITION exists & you have to promise
me that I can purchase one of your paintings in your
next show - because Vogel hates me and every time
he sees me - he hides the merchandise - Please excuse
my bad attitude towards that man - but I think
you understand

Most Sincerely,

Mary Ralph
