Dear Scott and Stewart,

Our recent phone call was memorable, to say the least. It's good to have a party long distance occasionally. My partner and I are very interested in seeing your works. We were very much impressed with the images in Architectural Digest, and would like for you both to send us some slides of recent works.

In return, I'll explain ourselves. We are located in a large, two-story building directly behind the Contemporary Arts Museum, and $\frac{1}{2}$ block from the Museum of Fine Arts. We are currently building an addition to the space that will eventually house the entire gallery (Approx. 5000 sq. ft.). Included in that figure is our frame shop. That eliminates the need for artist to frame and send their works to us. I'm enclosing a number of past invitations in order to give you an idea of what we exhibit here.

I hope we can do some good for one another.

Sincerely,

Ken Elliott
