Dear Stuart and Scott:

I now have the Oyster Catchers hanging in the reception area of our offices. Again, many thanks for this delightful and beautiful gift.

With best regards.

Sincerely,

John McBryde

P.S. I will need for my records an invoice pertaining to the purchases I made in April of this year. Enclosed are the original and two copies of one that breaks down my total payment between the three water colors and the Birds of Texas collection. If this is satisfactory to you, would you please sign the original and a copy and mail them back to me.
