

AVANTI!

New Stuart — your demonstration
by "how to handle" your bird
filled me at once with a
memorable moment for
me. your love and great
feeling for each bird and
luscious landscape touched
me. So exciting and breath-
taking also inspiring me
greater enjoyment if that
is possible — the portfolio
will always be a treasure
enjoyed by my family and
friends & as you and
Scott are "our treasures"
by great admiration and love
