Dear Mr. Gentling:

Dr. Tyler told me the good news that you will be donating a copy of your latest work, *Of Birds and Texas*, to the 1987 Texas State Historical Association Auction. This will be a prized addition to the auction and to any collector's library.

We will be preparing the auction catalogue after the first of the year and are already in the process of preparing the materials. Please send your portfolio to my attention, so that I can put it under lock and key immediately.

A letter will be sent, after the auction, indicating the amount your item brought. If any item brings over \$500, which yours definitely will, the donor is made a life member of the Texas State Historical Association.

Again, we thank you for your generous contribution and appreciate your interest in the Association's activities.

Best wishes for a happy holiday season.

Sincerely,

Deborah E. Brothers
