Dear Brothers Gentling —

The great pleasure of meeting you, will stand out in my memory, as a truly remarkable experience - tho I blush to think of my audacity in invading your privacy - especially as you greeted me so graciously.

Your picture is a joy - I am overwhelmed by your generosity.

It is fun to think that Mrs
McClure is a friend of
your mother -

Barbie took me to the Museum
to see your marvelous pictures,
just before I flew home - Oh - but
they are beautiful - the humming
bird, I particularly loved -
I hoped for reprints or post-
cards - but they said "no" -
I do hope we shall meet again -

Yours -

Anne Davison Caster.
