Dear Stewart:

Thank you for sending me an invitation to your recent exhibition. I was unable to make it to the opening but do hope that I will perhaps have an opportunity to get up to see some of the work.

We had our third child a month ago and things are somewhat hectic at home not to mention the usual medical things. I do very much appreciate hearing from you though and hope to have the opportunity to see your work soon. In the meantime, have a very Happy Thanksgiving and best wishes to all. With warm personal regards, I am,

Sincerely yours,

Marvin
