Dear Stuart:

I have your letter of January 28 along with your proposal for the North American Print Conference and your promise of another copy of Of Birds and Texas as well as the remarked title page for the auction. I am delighted at your generosity and agree that the two items probably will bring more if they are sold separately.

I will get the Print Conference committee together as soon as possible and let you know, as quickly thereafter as we can, whether your paper is accepted or not.

Meanwhile, thanks again for your generosity.

Best wishes.

Sincerely yours,

Ron Tyler
Director
