9835 SANTA MONICA BOULEVARD • BEVERLY HILLS, CA 90212 • 213-556-2400

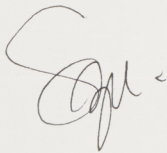

August 16, 1990

Dear Stuart:

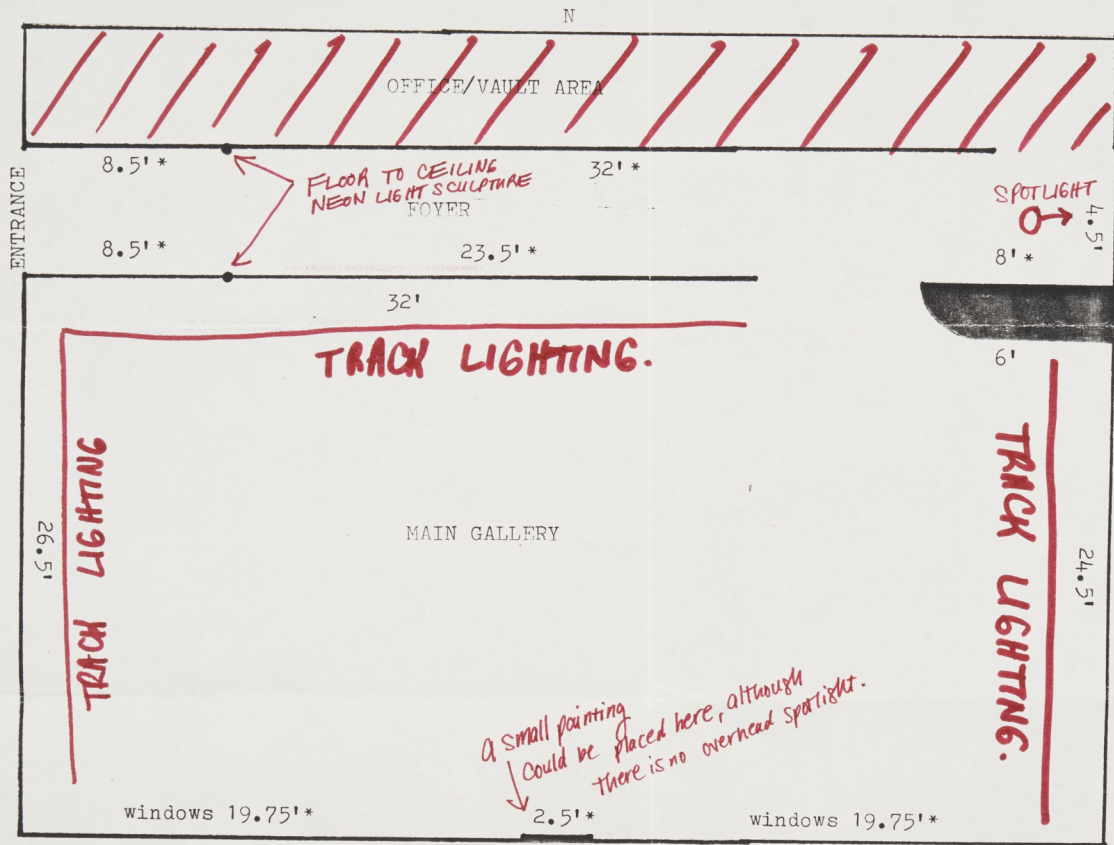

I've asked Janie to bring the Polaroid camera from home but in the meantime here are the gallery dimensions. As you can see, there is plenty of room in the main gallery, although I don't know how large your works will be. As an option, works could ^{also} be hung in the foyer, and even though there is no overhead track lighting there is sufficient light from indirect sources to show the work.

I have not been told by Janie when the show will be but as soon as we have a date we will let you know. In the meantime I will send you polaroids of the space. If there is anything else I can help you with, let me know.

Sincerely,
