Dear Scott & Stuart,

Every time I visit
with you I depart ~~gliding~~
with the joy that comes
from enjoying the company
of great people. I'm
delighted to become
acquainted with you
as friends and as
fellow pre-columbianists.

Your generosity in
making paintings

for the cover of my
book overwhelms me.

Both images capture
aspects of Yaxchilan's
spirit, in unique
ways!

Also, I'm thrilled
to report that UT Press
enthusiastically
received the pictures
("We really really really
like them!" said my
editor). I think the
stela & macaw will be

the cover and the
face goes inside.

Don't fret - we'll
be concocting ways
to repay your
fabulous assistance!

¡ Viva Tenochtitlan!

warmly,
Carolina
