Dear Stuart

I am very lucky to have a friend like you on my side, when I have a such great job with the Angels for the Concert Hall.

As you saw I am more familiar with the drooped female figure than with wings. Your help in this matter is very valuable to me, the wings should be nicely and convincingly done. Enclosed is a photo of my latest maquette, please help me with your comments, drawings to make them better.

I am looking forward meeting you again, as you wrote in the book you gave me, to develop a good friendship Merton
