Dear Stuart,

The books arrived, and we are
very pleased to have them.

Waring and I enjoyed meeting you
and your brother when we were in Dallas
and seeing your beautiful work.

Thank you for sending the enclosed
photographs. I liked them all very much,
but will defer at this time. It turned out
that the two I was most interested in had
already sold.

I hope someday to see the new
concert hall in Fort Worth and your work
there.

With my best,

Lucy Jones

P.S. I share your love of Maine. My daughter and
her family live there (in Camden). If you do more
paintings in Maine, please remember my interest.
