

Dear Stuart and Scott,

Thank you so much for your hospitality on my recent visit to Fort Worth. I greatly enjoyed meeting you and seeing your art works, both your own and the ancient. The models and paintings both are so fantastically detailed, and I hope I might be able to use something in *The Road to Aztlán*. I am laboring over the checklist and floor plan, so I hope to be in touch soon with my "wish list" -

Thanks again, and best wishes,
