

Dear Stuart,

What a treat it was to get a tour of your studio! I am in awe of your abilities (including giving an impromptu speech in Spanish).

It must be difficult to work so diligently and creatively on a piece and then have to part with it - like giving your child away to - God-knows-who - well - I Promise you that we are good parents. We ooh and ahh over "TUBs" and the "Eagle" and tell everyone that sees them about their wonderful Fort worth Progenitor.

Thank you for your generosity. As we got into the car to leave that night, I said to Peter - "Gosh - Stuart is so sweet" and his response was - "Yes, Stuart is Nothing but Good!" - And Stuart - One thing that I have Learned from Being married to Peter is that he is Always right. - So - I am touched not only →

By your obvious talent - But ^{Also} your
goodness. It's rare when those
two Attributes come together in such
abundance in one person. Thank you
again Stuart -
Clare

P.S. - I went to the Book store and
Looked at the David Painting of Marat
in his Bath tub to Better understand your
"dedication" Paintings - Splendid -
