RE: Artist's Copy: Of Birds And Texas

Dear Messrs. Gentling:

I am an original owner of an Artist's copy of your wonderful Great Imperial Folio, acquired in 1986. I may need to place this for sale very soon and in this regard would appreciate your estimate of its worth at this time.

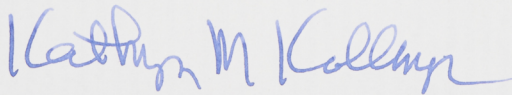

I realize that the Folio's condition is a factor in its value. The main outside linen case is not pristine, having endured an uninformed moving crew, however, the linen cases and plates inside are all in excellent condition. I only opened the viewed the plates while wearing one set of white gloves, which I keep with the case.

I have indisputably enjoyed this great work and congratulate you on the forthcoming book edition.

Thank you for your discreet and expeditious handling of this request.

Kindest Regards.

Very truly yours,

Kathryn M. Kollmeyer
