

Xerox & return to JG

Got the book used for \$12⁵²
Through Amazon.com.

Hola!

I've been putting my courses
together.

Take a look at this syllabus--
it was the only way I could
manage to keep some of
the issues & material from ^{my work on}
the Olmecs alive in an Aztec
course.

→ Would you be interested
in visiting on Nov 14
for a class presentation?

If we could take care of other
business it might be worthwhile.

P.S. The SW Collection
ADORES the Bird Folio. Thanks!
