Dear Mr. Gentling,

Several of us were entranced by your marvelous drawing of Beethoven which is on the cover of the June Symposium booklet. Your ad inside says you have prints for sale. There are at least three of us who would like to have copies of the Beethoven print. Would you be so kind as to send me purchase information? It is a wonderful likeness and we all agree the inclusion of his eyeglasses is very unique!

If you are planning to
attend the symposium, you
will have several new admirers
eager to meet you.

Sincerely,
