Dear Stuart,

Thank you so much for the MOCKINGBIRD print! It is one of my favorite plates from your wonderful book of birds & Texas.

Your book has provided me with hours of calm and visual pleasure. The book, a gift from Vivienne Wilson, enhanced by yours and Scott's inscriptions, has been a very special addition to my library. The print will have a special place.

I'll be in San Miguel for the next 2 weeks and in the Yukon after that until mid-August. I'll look forward to a visit after that time.

Hope your studio relocation goes well (has gone well?). It's great having you in Ft. Worth!

Have a good Summer.

Sincerely,
Billy Hassell
