Dear Stuart & Scott,

Yes. I agree with your thoughts set out in Stuart's letter. I did know you were moving your gallery and would have been at your opening there but for some conflict I can't even remember.

I'm anxious to come over to see the set up and will call you within the next few days.

I love the portrait and have had many rave reviews from people seeing it there and at V&A's. As I've said, I picture it some day at the Kimbell or Getty after we're all six feet under.

Love to you both —

Joe
