Scott -

Thanks for your note and payment.
Certainly must be an honor to have paintings
of yours in the White House!

I want to let you know that I too was
in a particular short bind at the time I
kept telling you. I was (and am still) trying
to get one client to pay the \$10,500 he's owed for
quite some time; had just spent 50,000 cash
and was closing on a new mortgage with cash
out at closing!

I want you to know that you are the
only client I will put up money for - I
appreciate your collecting habits and
scholarship on the subject. And of course
I appreciate your business!! I will have
other items from this collection of Aztec &
Mexican material soon -

So - I would again like to thank
you guys for your patronage and
as well take this opportunity to
wish you a most wonderful Holiday
Season.

I will be leaving on New Year's Day for a
4 week trip to Burma and who knows where else!
so I hope to receive other payment prior
to leaving —

Again
Merry Christmas —

Robert
