

November 5, 2004

Dear Scott,

I don't know how many of your subjects write a note when they send you a check, but I really wanted to write and thank you for painting that lovely portrait of me! You are so talented - it looks exactly like me. I wish you could have heard our twin daughters (who are the only children who have seen it) raving about it - what is it they say? - "your ears would have been burning if you could have heard them." I am truly delighted with the final result -

it looks great over our mantel. I will be proud to show it off to our family and friends, and I continue to be so flattered that you were willing to paint me.

Paul joins me in these sentiments, and we send our best wishes to you and Stuart for a happy Thanksgiving!

Very sincerely,
Sarah Ray

Sarah
